Thevo – The mobility seat

ThevoTwist - The rehabilitation stroller

Thevo - The mobility seat for children: Stability *AND* movement at the same time

The mobility seat now offers optimum support to the children and at the same time the possibility for small movements of the trunk. This finally creates the best possible conditions for the children to carry out well directed activities with their arms and hands.

ThevoTwist

- ✓ Individual adjustments by means of the flexible elements in the back.
- ✓ Firm seat as basis for an optimum seating posture.
- ✓ High seat comfort and breathable back area.
- ✓ Lightweight aluminum frame for a quick and easy storage.

Headrest

Adjustable in angle and to the individual back height.

Seat suspension

Offers extra comfort to the child (available in different strengths).

3-mesh-air-comfort-interlaced yarns

for a flexible, breathable seat climate.

Suspension unit

Adapts to the body contours and offers movement possibilities to the child.

Chassis

Solid and trendy, easily to be folded.
